

To whom it may concern

We have had the pleasure of working with Annabelle Edwardson on many occasions over the last couple of years when hosting the *Expedit Johannesburg Regional Quarterly and End of Year Awards*.

Annabelle was part of the Audio Visual team. She was in charge of setting up and running the AV part of the show for us.

We very quickly appreciated Annabelle's eye for detail, quality and design as she would make suggestions to tweak or enhance part of our power point presentation but keeping with in our Expedit visual brand standards.

During our Awards Annabelle was on the AV desk operating the sound – playing our selected edited tracks and cueing for each Award as the winner was announced and went up on stage to receive their award. As editing/ cutting a track was not one of my strengths, Annabelle would often quietly go in and tidy them up, or redo them completely – thus maintaining our high standard of delivery.

As you can see by Annabelle's high standards and great understanding of the Expedit Brand, we very quickly came to appreciate having her on board as part of the AV team.

We have loved having Annabelle on the AV desk and part of the Awards night whenever possible. We will miss her, and do wish her well in her travels but most of all thank her for her efforts, attitude, obliging nature and great work.
